RE: Iron County Rip Rap for Flood Channels

Dear Tom Monsun,

As I have explained on the telephone to Lynn Kunzler, yourself, and Susan White; Iron County is in the process of gathering Rip Rap on property we own at the abandoned Iron Mines in West Cedar Valley. Please find enclosed a 'Notice of Intention to Commence Small Mining Operations' on an adjacent property owned by Fiddlers Canyon Development. These 4.999 acres are adjacent to Fiddlers Canyon Development Small Mining Operations.

These rocks are picked from the bottom of a rocky slope of an overburden pile that is the result of previous mining operations. There is no vegetation presently on the slopes so I believe reclamation on these slopes when we are finished is a non-issue.

Please contact me as soon as you have had time to understand our application. It is our desire to begin operations as soon as possible. Thank you for your attention to this important public matter.

Respectfully,

Stephen R. Platt, P.E.
Iron County Engineer
